

10 YEAR ANNIVERSARY

In celebrating 10 years of Rewards for players in South Africa, we proud to introduce the **Player Futures Fund.**

We understand how challenging and financially demanding cricket tours can be for parents and players. At CricketPRO, we receive countless requests for sponsorships and financial aid to help players take part in local and international tours.

To support our cricketing community in a sustainable way, we're proud to introduce our linked Futures Fund accounts. Through this initiative, all player purchases, performances and referral commissions earned within the Rewards Program are systematically accumulated and converted into cash payouts that goes directly towards funding their cricket tours both locally and abroad.

This system rewards commitment, effort and loyalty. We're excited to launch it because these funds are earned, deserved and designed to make cricket opportunities more accessible for every player – Founder Steven Heuvel (former WP & SA Schools cricketer)

The Funds Purpose

The Player Futures Fund (PFF) was created to support players who travels annually on cricket tours, participate in franchise leagues, has private coaching lessons, belong to a registered cricket academy or cover your school fees. ****The PFF converts your rewards points into cash****

Who is the Fund for?

The PFF is only available to South African cricket players under the age of 21 y/o with no specific criteria required other than being registered to CricketPRO. So, if you have a rewards profile with us, you have a linked PFF account on your profile.

Who has access to PFF?

Although our Free Rewards members can accumulate and build up their PFF they do not have access to withdraw cash from the fund. It will remain inside their e-wallet as digital points (Rewards Points) and can be redeemed or utilized as intended within the rewards program's guidelines.

At present all our Gold, Plus+, Platinum & Diamond members have the ability to withdraw cash from the Player Futures Fund as long as they have a minimum threshold of 10 000 RP available in their e-wallet.

Gold & Plus Members – Anniversary withdrawals with min threshold

Platinum Members – Monthly withdrawals with min threshold.

Fund payout calculation?

The PFF cash payout value is a combination of your purchases from CricketPRO, on field performances/milestones achieved, your referral commission when someone purchases via your affiliate link or they fast track in the rewards program:

- Softs & Accessory purchases **10% cash back**
 - Cricket Bat purchases **15% cash back**
 - Bat Refurbishments **10% cash back**
 - Referral purchases **10% cash earned**
 - Fast Track commission **20% cash earned**
- Specified Milestone Incentives **100% cash earned**

These funds are systematically tracked and can be viewed inside your e-wallet under recent activity. Here you will find the various transactions in rewards (RP) coming in and leaving your e-wallet. So, every purchase, interaction you've done or milestone achieved you can track right here.

Achiever Bonus

Achieve one of these specific goals in a calendar year or playing season and unlock the achiever PFF bonus.

- Get 4 Players to Fast Track after they register for Rewards
 - Score 5 Centuries in a Full Season (Official Matches any format)
- Get 4 Players to purchase an English Willow Cricket Bat from CricketPRO
- Take 8 Five wicket hauls in a Full Season (Official Matches only any format)
- Win your age group "Player of The Year Award" at your School or Club

Once you've achieved any one of these goals, we will double your withdrawal from the PFF. Say you are withdrawing R5000 in cash we will pay out R10000 to your nominated bank account. Just ensure that you are signed up... All the best!
